**TUTORIAL**

**MSDSonline<sup>®</sup>**

**Print, Email, Save Results**

**MSDSonline®** is the world's premier collection of safety data sheets (SDSs) (formerly known as material safety data sheets (MSDSs)). ToxPlanet's version of **MSDSonline** provides integrated access to millions of SDSs from thousands of vendors worldwide. In this tutorial, we will look at how to **Print, Email, and Save** results from your search of the **MSDSonline** collection.

The screenshot shows the toxplanet dashboard interface. At the top left is the logo "toxplanet by enhesa.". A dark sidebar on the left contains navigation links: Dashboard, Search History, Document History, ListEXPERT™ Lists, Support, Report an Issue, and Search Tips. The main content area has a yellow search bar with the text "chlorine" and buttons for "Starts With Search", "Contains Search", and "Clear". Above the search bar are three tabs: "EXPERTIndex™", "Full Text", and "Advanced", with a green arrow pointing to the "Advanced" tab. Below the search bar are three summary cards: "06/02/2023 Today's Date", "9 My YTD Logins", and "14 My YTD Searches". The "MY SEARCHES BY DATABASE" section contains a large red circle. The "DATABASES IN MY SUBSCRIPTION" section lists: ChemEXPERT™, REACH Registrations, BotanyEXPERT™, TSCATS Complete™, PubMed®, ReproEXPERT™, C & L Inventory, TOXLINE® Special, MSDSonline®, ListEXPERT™, DrugEXPERT™, and ECIS.

To search the **MSDSonline** collection, from the Dashboard, start by clicking the **Advanced** button above the search bar.

Select the **MSDSonline Advanced** tab from the top left

- Use the **Product Name/Synonym** box to search by product names (avoiding common or non-specific terms like *acid* or *oil*).
- Use the **Manufacturer Name** box to search by manufacturer or supplier (avoiding common terms like *Company, Inc.*, or *Corp.*).
- Use the **Product CAS Number** box to search by CAS number (entering it either with or without dashes (e.g., 71-43-2 or 71432)).

The screenshot shows the toxplanet search interface. The top navigation bar is green with the toxplanet logo and a menu icon. The left sidebar is dark grey with navigation links: Dashboard, Search History, Document History, ListEXPERT™ Lists, Support, Report an Issue, and Search Tips. The main content area has a yellow search bar with 'Search' text and icons for print, printer, settings, and a scroll-up arrow. Below the search bar are tabs for EXPERTIndex™, Full Text, and Advanced (selected). There are also buttons for MSDSonline® Advanced, TOXLINE® Special Advanced, REACH Registrations Advanced, TSCATS Complete™ Advanced, and PubMed Advanced. The search form has three input fields: Product Name (containing 'phenol'), Manufacturer Name (containing 'Enter manufacturer name'), and Product CAS Number (containing 'Enter product CAS number'). There are 'Submit' and 'Clear' buttons. Below the form, the search results are displayed under the heading 'MSDSonline® Advanced Search Results' and 'Advanced Search on - 5002 Document(s)'. A pagination bar shows page 1 of 501, with a 'Go' button and a dropdown menu set to 10 items per page. The results table has columns for Product Name, Manufacturer Name, CAS Number, Revision Date, and Regulatory Formats. Two results are shown, both from Ricca Chemical Company, with a revision date of 5/2/2023 and regulatory formats of GHS SDS, USANSI.

# RICCA CHEMICAL COMPANY®

## Safety Data Sheet

Classified According to OSHA Hazard Communication Standard (HCS)

### SECTION 1: Identification

#### 1.1. Product Identifier

**Trade Name or Designation:** Phenolphthalein Indicator, 0.5% (w/v) in 50% (v/v) Alcohol, Neutralized

**Product Number:** 5600

**Other Identifying Product Numbers:** 5600-1, 5600-16, 5600-32, 5600-4, 5600-5

#### 1.2. Recommended Use and Restrictions on Use

General Laboratory Reagent

#### 1.3. Details of the Supplier of the Safety Data Sheet

**Company:** Ricca Chemical Company  
**Address:** 448 West Fork Drive  
Arlington, TX 76012 USA  
**Telephone:** 888-467-4222

Snipping Tool

The system converts the results list to PDF format and displays it in a new window with native Adobe controls. These controls can be used to **Print** or **Save** the results list, or to attach a copy of the saved list to an **Email**.
